Opportunities for the Resident

Towncrest Pharmacy offers their resident a unique opportunity to experience a wide variety of innovative patient care services that exemplifies the clinical skills and knowledge of community pharmacists. Resident’s have the opportunity to precept students, as well as the flexibility to tailor the residency year to meet your specific career goals. Our resident is encouraged to bring new ideas to the site to improve existing services and implement new services. Our resident will see firsthand the challenges and rewards of ownership and works closely with the Residency Coordinator on a day-to-day basis. Active involvement in pharmacy organizations is encouraged and past residents have successfully been appointed IPA committee members.
