Your Fridays in the Spring will be divided between the practice lab and active learning in your Integrated Pharmacotherapy (IP) courses. There will be two sections of lab and two sections of active learning. Your active learning section will be determined by which lab section you are in. For example:

If you sign up for Section 1 of lab that meets at 10:30-12:20 am, you will have active learning in your IP course 1:30-3:20 pm.

If you sign up for Section 2 of lab that meets at 1:30-3:20 pm, you will have active learning in your IP course 10:30-12:20 pm.

Hopefully this will help you make an informed decision on which section to sign up for.
