UI Pharmaceuticals Fellowship

UI Pharmaceuticals is accepting applications until Friday, March 1, 2024, for its highly prestigious fellowship.

Eligibility

Graduate students accepted into the Pharmaceutics Program of the University of Iowa College of Pharmacy Department of Pharmaceutical Sciences and Experimental Therapeutics (PSET) are eligible to apply.

About the Fellowship

This award provides a stipend, tuition, and fees. It is renewable for up to four years, with a minimum commitment of two years.

The selected candidate will rotate through the six divisions within UI Pharmaceuticals – Non-Sterile Products, Sterile Products, Quality Assurance, Analytical Services, Formulation Development, and Engineering – spending nine months in a minimum of two of these divisions, selected based on input from UI Pharmaceuticals leadership and the fellow’s faculty advisor. Experiential learning will focus on product development, cGMP-based manufacturing, and analytical testing.

The selected candidate will contribute 20 hours of time weekly toward UI Pharmaceuticals contracted work, thereby furthering their applied pharmaceutics education.

The selected candidate will be expected to participate in graduate courses that further their research-based training and are expected to remain in good academic standing throughout the duration of the fellowship. The selected candidate is expected to contribute a minimum of 20 hours weekly toward graduate courses and thesis research.

Application Process

Applicants must have a strong scientific background and a desire to pursue a career in the pharmaceutical industry to be selected for this fellowship. The application packet must include:

- A Statement of Interest describing how the training opportunity fits with the applicant’s career plans (one-page)
- Curriculum vitae
• Undergraduate and graduate (if applicable) grade reports
• A letter of recommendation from the program director (which should acknowledge a 20 hour per week commitment to the fellowship)

Completed application packets should be sent electronically to:

Dennis M. Erb
Managing Director
UI Pharmaceuticals
dennis-erb@uiowa.edu
Deadline: Friday, March 1, 2024

Review of candidates will begin immediately, and the selected candidate will be notified in March.

Fellowship support will be for nine months, beginning Aug. 15.

Continuation in the program is based on merit.
