Total Introductory Pharmacy Practice Experiences (IPPE) = 326 hours

Professional Year 1 = 27 hours
- IPPE Career Exploration, 24 hours
  Exploration of Pharmacy Practice in a wide variety of clinical experiences balanced between community and health-system pharmacy environments
- Reflection & Discussion, 2 hours
  Continuing Professional Development and the Pharmacists Patient Care Process are the focus of assignments, reflections, and discussion sessions to allow for professional socialization

- Foundations of Pharmacy Practice, 1 hour
  PBA using standardized patient focusing on medication history and reconciliation

Professional Year 2 = 251 hours
- IPPE Community, 120 hours
  Practice-based experience in a community pharmacy
- Reflection & Discussion, 3 hours
  Medication use process and Pharmacist Patient Care Process

- Applied Pharmacy Practice, 2 hours
  Two PBAs using standardized patients with a focus on drug therapy problem and SBAR (situation-background-assessment-recommendation) documentation

- Interprofessional Simulation, 3 hours
  Utilizing standardized patient actors, IPE teams work together to address patient "Pat Harris" with a trained facilitator to address healthcare issues using a shared-decision making approach

Professional Year 3 = 26 hours
- IPPE Clinical, 24 hours
  Pharmacy patient care focused experience culminating with a case presentation, SOAP note, and DI response with assessment and feedback

- Applied Pharmacy Practice, 2 hours
  Two PBAs using standardized patient with a focus on drug therapy problem and SBAR (situation-background-assessment-recommendation) documentation

Continuing Professional Development, Longitudinal Service, 22 hours
- Pharmacy service-learning including patient care activities (e.g., Cardiovascular Screening, Immunization Clinic, Medication Education Event)
- Direct Patient Care Service, 20 hours
- Reflection & Discussion, 2 hours

Total Advanced Pharmacy Practice Experiences (APPE) Hours = 1600 to 2000 hours
- APPE
  - Ambulatory Care
  - Acute Care Medicine
  - Community Pharmaceutical Care
  - Hospital
  - 4 elective rotations selected from a variety of practice settings with a maximum of 2 electives allowed in non-patient care areas

*PBA = Performance Based Assessment, an objective, structured clinical skill assessment using a standardized patient actor*
Class of 2018, Professional Experience Program
Total Hours = 1866 hours

Total Introductory Pharmacy Practice Experiences (IPPE) = 306 hours

Professional Year 1 = 27 hours

IPPE 1, 24 hours
Exploration of Pharmacy Practice in a wide variety of clinical experiences balanced between community and health-system pharmacy environments

Reflection & Discussion, 2 hours
Continuing Professional Development and the Pharmacists Patient Care Process are the focus of assignments, reflections, and discussion sessions to allow for professional socialization

IPPE 4 Longitudinal Service, 12 hours
Pharmacy service-learning including patient care activities (e.g., Cardiovascular Screening, Immunization Clinic, Medication Education Event)

Direct Patient Care Service, 10 hours
Reflection & Discussion, 2 hours

Professional Year 2 = 211 hours

IPPE 2 Community, 120 hours
Practice-based experience in a community pharmacy

Reflection & Discussion, 3 hours
Medication use process and Pharmacist Patient Care Process

Simulation in Licensed Pharmacy, 1 hour
PBA using standardized patient focusing on medication history and reconciliation

Simulation in Licensed Pharmacy, 2 hours
Two PBAs using standardized patients with a focus on drug therapy problem and SBAR documentation

Interprofessional Simulation, 3 hours
Utilizing standardized patient actors, IPE teams work together to address patient "Pat Harris" with a trained facilitator to address healthcare issues using a shared-decision making approach

Professional Year 3 = 56 hours

IPPE 3, 14 hours
Pharmacy patient care focused experience culminating with a case presentation, SOAP note, and DI response with assessment and feedback

Simulation in Licensed Pharmacy, 3 hours
Utilizing standardized patient actors, IPE teams work together to address patient "Pat Harris" with a trained facilitator to address healthcare issues using a shared-decision making approach

IPPE Transitions, 40 hours
Clinical practice experience at a patient care pharmacy practice site for one week prior to beginning first patient care APPE culminating with a SOAP note and DI question with assessment and feedback

Total Advanced Pharmacy Practice Experiences (APPE) Hours = 1560 hours

APPE
- Ambulatory Care
- Acute Care Medicine
- Community Pharmaceutical Care
- Hospital
- 4 elective rotations selected from a variety of practice settings with a maximum of 2 electives allowed in non-patient care areas
